The Professional Endowment Committee introduces the Rehabilitation Center's mission and needs to our financial neighbors. Members represent key financial institutions in the Palm Beach area. Most are surprised to learn that half of our 2.5 million dollar budget helps families who are uninsured or under insured. Thornton (Tim) Henry, an estate planning attorney with the law firm of Jones, Foster, Johnston and Stubbs, and Past President of the Board of Governors at the Rehabilitation Center, serves as Chairman of the Professional Endowment Committee. At the quarterly committee meetings, members review the latest relevant estate tax information. Annually, the committee sponsors an Estate Planners Reception for attorneys, accountants, trust officers and members of the Center's Board of Governors. Guests learn how to help the Rehabilitation Center through planned gifts such as wills and charitable trust agreements.

The Professional Endowment Committee also helps increase our neighbors' awareness of our needs and services. These professionals represent expertise our donors can call upon, as they know both the importance of endowments to our mission and the value of estate planning for the donor's family. We believe the work of this committee will help insure the financial security of the Center now and in the future. If you know of someone who might be interested in more information, please call the Rehabilitation Center at 655-7266, or contact one of the committee members pictured here. The Rehabilitation Center for Children and Adults is grateful these women and men choose to donate their professional and personal time helping children and adults with physical disabilities.

Thank you for considering a gift in your will.
